circ. 16 /24

Rapallo, 1st July 2024

Dear Presidents,

my first circular is to thank you sincerely for the trust you placed in me at the General Elective Assembly held in Agrigento last 15 June: as soon as I was back, I immediately set to work for the growth and dissemination of our Movement.

I would like to inform you that I am open to dialogue and that I will treasure the suggestions I received during the Assembly. I also think it is very important to collaborate with the friends who have run for the Presidency, precious resources for Panathlon International.

In the next few days, I will complete the talks with the International Board Members to proceed to entrust them with the appropriate delegations.

Waiting to be able to update you on the initiatives and actions that will be undertaken by the International Board, I send you my best regards.

Giorgio Chinellato
President
